Notice Regarding Trademark Registration

(Notice Publication Date: 2025/12/01)

The notification regarding trademark registration published by this department on August 19, 2025 had been postponed by the notification issued on September 24, 2025, due to widespread arson, vandalism, and looting that occurred nationwide on September 09, 2025 during the protest. As a result of these incidents, numerous physical files within the Industrial Property Section of the Department of Industry were destroyed, creating a hostile environment disrupting departmental operations. This notification is now being published with further clarification in this regard. All individuals and entities concerned are hereby informed of the following mandatory requirements:

1. All applicants who have applied for trademark registration in this department and whose documents are not complete, and who have previously applied, will have to re-submit the application along with the necessary documents within 90 days from the date of publication of this notice. Otherwise, all old applications that have been applied for more than seven years and have not been submitted by that date will automatically be rejected after 90 days.

2. Trademark applicants whose marks were published in the Industrial Property Bulletin prior to the publication of this notice, and no opposition has been filed against their trademarks, must submit an application for issuance of the Registration Certificate, together with all required documents (if any), within 6 months from the date of publication of this notice. If such an application is not submitted within the 6-month period, then the trademark applications will be cancelled.
